Hello, my name is Becky and I live in Newberg, Oregon USA. I am so excited to tell you about my experience with Susanne and her Animal Communication course.

I very much looked forward to my sessions with Susanne for the 7 weeks that we met. I came away feeling calm, at peace and with a new knowing about myself and why I am here.

I initially purchased the course so that I could better understand my dog and best friend Zoey. What I learned right away from Susanne is that communicating with my wonderful dog is possible but it is so much more than that.

Communicating with anything and anyone is also possible. Susanne helped me step into my power and realize that I am capable of so much more than I could have ever imagined.

Susanne's beautiful and extremely powerful guided meditations helped me open up and meet the real me. She guided me to release life stories that no longer serve me and gave me the understanding and tools to continue on the path of self realization.

All of these moments of new understanding about myself opened the door to a new and exciting understanding of who I am now and what I can do for myself and others, especially the animals and my dear Zoey.
